

Your current level is **Senior Scientist** and you have annotated **300 motions**. That means that you currently rank as **#2** out of all 97 users.

Motion 512

Play

Controls: The left mouse button rotates the camera and the mouse wheel zooms in and out. The slider below the motion can be used to move to a specific time step.

Description of motion

A person runs

Describe here what motion you can see to the left. Please provide a **single, complete sentence in English** that describes the motion **as accurately as possible**.

Please describe directions (e.g. *left* and *right*) **relative to the subject**.

Here are a couple of examples:

- "A human performs a jump to the left."
- "Someone jumps to the left."
- "A person jumps approximately 10 centimeters to the left."
