

### CAM-to-CAM (Sec 3.2.1)

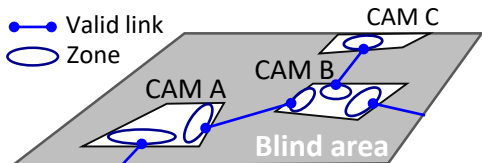

Person re-id & topology inference

CAM-to-CAM topology

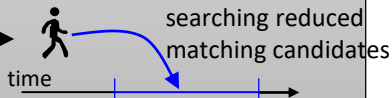

### Zone-to-Zone (Sec 3.2.2)

Person re-id & topology inference

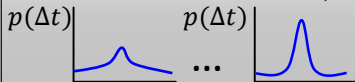

**Iterative update**(Sec. 3.2.3)  
of person re-id and camera topology

Enhance person re-id accuracy  
using topology information

Iterate until the topology converges

iterations

Refine the camera topology  
using updated re-id results

Zone to zone topology
