**Table XXX.** Rejection criteria for 3FGL, 2FHL and 3FHL unIDs. Last column indicates the rejection criteria: A=Association; V=Variable; ML=Machine learning; MW=Multiwavelength. Note that sources rejected by latitude or complex regions are not listed. Sources are only listed once, i.e., there is no duplicity between different catalogs. If more than one rejection criteria is cited, only the first is the used one.
