

(a) Broadcast on chip

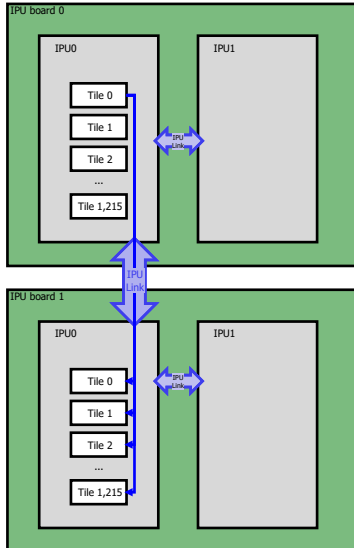

(b) Broadcast to an entire (other) IPU on the same board

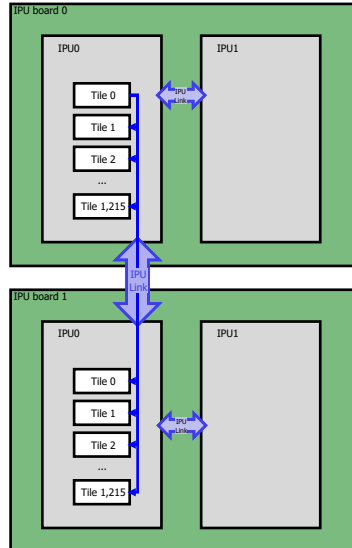

(e) Broadcast to both IPUs on a board (including source IPU)

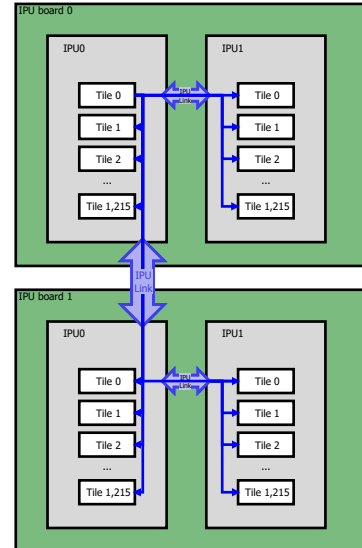

(c) Broadcast to an entire IPU on a different board, direct IPU connection

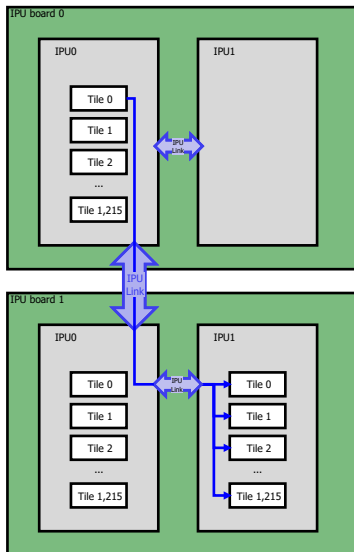

(f) Broadcast to 2 entire IPUs, the second IPU being on a different board; direct IPU connection

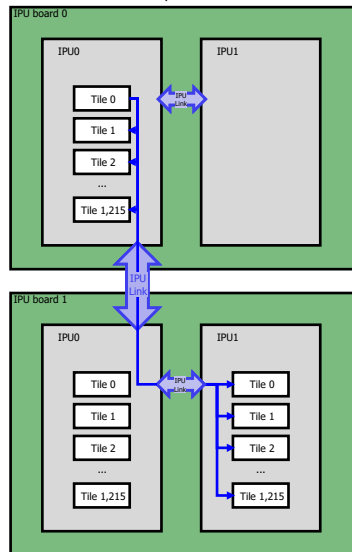

(h) Broadcast to 4 entire IPUs on two boards

(d) Broadcast to an entire IPU on a different board, no direct IPU connection

(g) Broadcast to 2 entire IPUs, the second IPU being on a different board; no direct IPU connection

On chip
