

High Level (HL)

high-level observations (\mathbf{o}_h):
depth camera image

*Execute high level again
after d time steps*

1.5-10Hz

CNN

fully connected

latent commands (\mathbf{l})

duration (d)

500Hz

fully connected (linear)

TG parameters

TG

TG state

Low Level (LL)

motor commands (\mathbf{a})

low-level observations (\mathbf{o}_l):
IMU/motor positions

Robot
