

The diagram features a large, light gray cloud-like shape in the center. To the left, a green silhouette of a person is labeled 'Consumers'. A green speech bubble points from the consumer to the cloud, containing the text 'What methods can I use to understand my model?'. Below the consumer is a green rectangular box labeled 'Use Cases'. To the right, a blue silhouette of a person is labeled 'Researchers'. A blue speech bubble points from the researcher to the cloud, containing the text 'What real-world use cases can my method address?'. Below the researcher is a blue rectangular box labeled 'Technical Objectives'. The central cloud is labeled '“Interpretability”'.

What methods can I
use to understand my
model?

Consumers

Use Cases

“Interpretability”

What real-world use
cases can my
method address?

Researchers

Technical
Objectives
