Generate

System output

As of 2017, the share of GDP spent on the military by Saudi Arabia is about \$70 billion, which amounts to 19% of GDP. Saudi Arabia is the world's second-largest arms importer, and between 2008 and 2014, the country imported \$62.3 billion worth of arms. The Stockholm International Peace Research Institute (SIPRI) estimated that Saudi Arabia was the world's second largest arms importer between 2013 and 2017, with 32 percent of imports coming from the US and 33 percent coming from Russia. The SIPRI report said that the US's arms exports to Saudi Arabia made up 26.6 percent of all US
