

(a)

Diagram (b) illustrates a matrix representation of the mapping from input nodes l to output nodes p^m . The matrix is labeled l on the left and p^m on top.

	p_0	p_1	p_2	p_3	p_4
l_0	x_{00}	x_{01}	x_{02}	x_{03}	x_{04}
l_1	x_{10}	x_{11}	x_{12}	x_{13}	x_{14}
l_2	x_{20}	x_{21}	x_{22}	x_{23}	x_{24}
l_3	x_{30}	x_{31}	x_{32}	x_{33}	x_{34}
l_4	x_{40}	x_{41}	x_{42}	x_{43}	x_{44}
