

  
ID classes

  
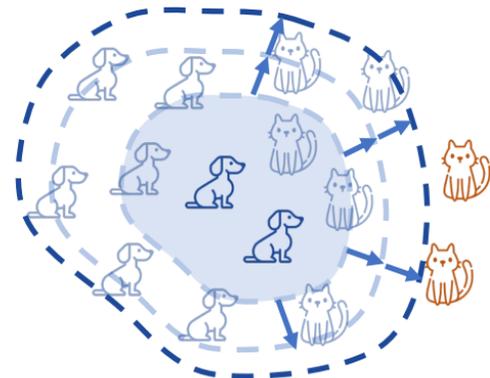

OOD classes

**(a) Task setting**

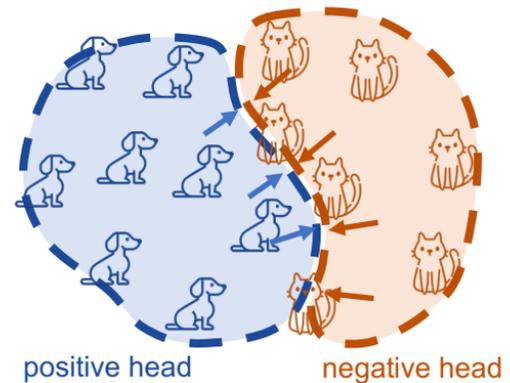

**(1)**  
trained with  
labeled data only

 Labeled ID data  
 Decision boundary

**(2)**  
+ semi-supervised  
outlier filtering

 ID data pseudo-labeled as **ID/OOD**  
 OOD data pseudo-labeled as **ID/OOD**

**(3)**  
+ semi-supervised  
outlier filtering  
+ dual competing head

positive head      negative head

**(b) Our method**
