This app performs clustering on questions generated from each document.

Do you want to recluster?

☒ Yes

☐ No

Choose your method of reclustering:

☐ K-Means

☒ Prompt-Based

Choose Method of Clustering

Define the goal of each cluster

Goal of cluster 1

Side Effects of Heparin

Edited Goal: Co-adminstered drugs having positive effects after interacting with heparin}

Goal of cluster 2

Dowregulation or reduction or inhibition or decrease in the rate of reaction between the biomedical species

Goal of cluster 3

Increase in rate of reaction between biomedical species

Re-cluster
