

# Addressing Forgetting in Continual Learning

## Memory-based Method

- Raw Sample Replay
- Memory Sample Selection
- Generative Replay
- Compressed Memory Replay

## Architecture-based Method

- Fixed-Capacity
- Capacity-Increasing

## Regularization-based Method

- Penalize Parameter Updates
- Knowledge Distillation

## Subspace-based Method

- Orthogonal Gradient Subspace
- Orthogonal Feature Subspace

## Bayesian Method

- Weight Space Regularization
- Function Space Regularization
- Bayesian Architecture Expansion
