

Sensing information:
Detection: whether or not there is someone in the room?
Estimation: identifying the person's location in the room?
Recognition: what the person is doing?

Someone may misuse the ISAC data

-  **ISAC UAV**
-  **Eavesdropper**
-  **Attacker**
-  **Forward beam**
-  **Echo signal**
-  **Blocked path**
-  **Communication link**

Missing detection accident
