

Input Config:

```
<name>io.file.buffer.size</name>  
<value>4096</value>  
<description>...</description>
```

```
<name>io.bytes.per.checksum</name>  
<value>4097</value>  
<description>The number of bytes per checksum.  
    Must not be larger than io.file.buffer.size.  
</description> ...
```

Q: Are there any mistakes in the above configuration file?

A: The value of `io.bytes.per.checksum` should be less than or equal to `io.file.buffer.size`.
