

BEVGPT Framework

Online Fine-tuning
on L5kit Simulator

motion planner

experience rasterizer

trajectory prediction head

BEV prediction head

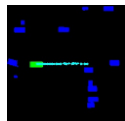

trajectory embedding head

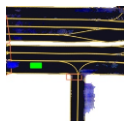

BEV embedding head

Pre-training
on Lyft Level 5 Dataset

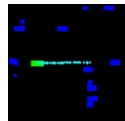

kinodynamic
trajectory
at timestep 0

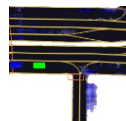

BEV
prediction
for timestep 1

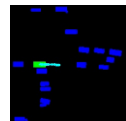

kinodynamic
trajectory
at timestep 1

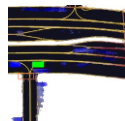

BEV
prediction
for timestep 2

kinodynamic
trajectory
at timestep t

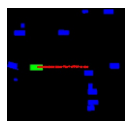

BEV
prediction
for timestep t+1

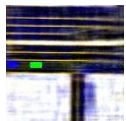

online fine-tuning

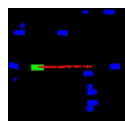

Decision making
trajectory
at timestep 0

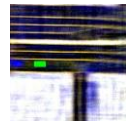

Initial BEV
prediction
for timestep 1

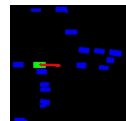

Decision making
trajectory
at timestep 1

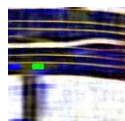

Initial BEV
prediction
for timestep 2

Decision making
trajectory
at timestep t

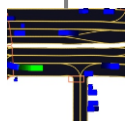

Initial BEV
prediction
for timestep t+1

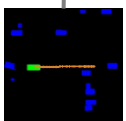

causal transformer

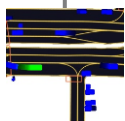

Ground truth
BEV image
at timestep 0

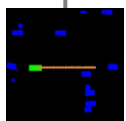

Ground truth
trajectory
at timestep 0

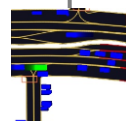

Ground truth
BEV image
at timestep 1

Ground truth
trajectory
at timestep 1

Ground truth
BEV image
at timestep t

Ground truth
trajectory
at timestep t
