

For all statistic maps of different groups and pipelines:

1

Thresholding with $FDR < 0.05$

2

Masking using ROI from Juelich atlas M1 motor area

Unthresholded

left-foot

Thresholded $FDR < 0.05$

Thresholded $FDR < 0.05$,
masked with ROI

left-hand

right-foot

right-hand

tongue

3

Percentage of activated voxels
in the ROI
