

(classical) thermal

exponent v

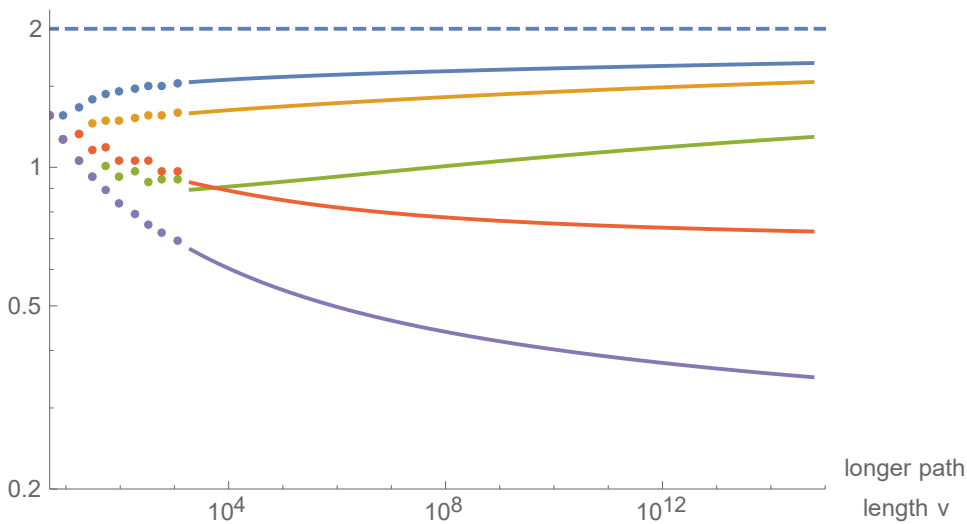

shorter path length u

- $u \approx v^{1/1.5}$
- $u \approx v^{1/2}$
- $u \approx v^{1/4}$
- $u \approx \ln v$
- $u = 3$

(quantum) thermal

exponent v

shorter path length u

- $u \approx v^{1/1.5}$
- $u \approx v^{1/2}$
- $u \approx v^{1/4}$
- $u \approx \ln v$
- $u = 3$
