

# Task

Your friend plans to quit smoking and hopes to understand the benefits and side effects of quitting, as well as effective ways to quit smoking.

## Context for Round [1:N-1]

**Thought 1:** I divided the task into three sub-tasks: Benefits, Side Effects and Methods. I started by searching for the benefits.

**Query 1:** The benefits of quitting smoking

**Click 1:** 1, 2

**Obs 1:** Enhance appetite, improve cardiopulmonary function.

...

**Thought n-1:** I've learned about the benefits, now I need to search for the side effects.

**Act n-1:** The side effects of quitting smoking

**Click n-1:** 2, 3, 5

**Obs n-1:** Thirst, coughing, drowsiness.
