

nvBench-Rob:

NL Question: Provide me with a line chart displaying the **average capacity** of cinemas that were **open for each year**, please.

Table Schema: cinema(**Opening_year** , seating , ...)

Target DV Query:

Visualize **LINE**
SELECT **Opening_year** , **AVG(seating)**
FROM cinema
BIN **Opening_year** BY YEAR

Text-to-Vis

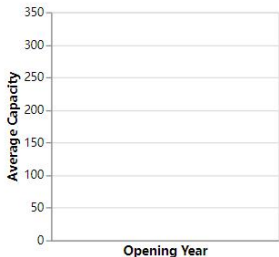

Generated DV Query(x):

Visualize **LINE (x)**
SELECT **Opening_year** , **AVG(Capacity)**
FROM cinema
BIN **Opening_year** BY YEAR

Target DV Query:

Visualize **LINE**
SELECT **Opening_year** , **AVG(seating)**
FROM cinema
BIN **Opening_year** BY YEAR

Visualization Chart(x):

Excution

Vega-Lite(x):

```
{
  "data": { ... },
  "mark": "line",
  "encoding": {
    "x": {
      "field": "Opening_year",
      ...
    },
    "y": {
      "field": "Capacity",
      "aggregate": "average",
      ...
    }
  }
}
```
