

Problem ID	Problem overview	GPT-4 error
1277_bronze_moo_operations	Perform string operations to change a string to "MOO"	(problem understanding) Arbitrarily manipulates letters, doesn't progress toward target
1300_bronze_stamp_grid	Check if copies of a 2D array can be "stamped" to produce a larger 2D array	(format issue) Doesn't account for empty line in input
1275_bronze_leaders	Count number of "leaders" in a list, following a definition	(problem understanding) Arbitrarily counts, doesn't adhere to definition
1301_bronze_watching_moo	Choose cost-minimizing days to buy subscriptions	(wrong approach) Implements faulty dynamic programming instead of sorting and iterating
735_bronze_the_lost_cow	Move in a pattern along a 1D number line until colliding with a target	(problem understanding) Forgets to jump back to the beginning after each pattern iteration
