Transcribed Narration

[0s-2.0s] hello everybody
...
[17.8s-19.9s] so what we're only going to do is pick the biggest ones
...
[30.0s-35.0s] what we're looking for is the larger apples
...
[281.5s-266.3s] now we'll cut these places out when we start getting ready to cool them up and use them
...
[499.6.7s-514.6s] we're going to bowl for 20 minutes in the water bath canner and take them out and our apple slices will be done
...
[696.6s-703.9s] so you can see we have plenty of canned apples now to make it through the winter months with thank you from deep south homestead
