

Tutorial 1: An Example to Familiarize you with the rules!

Please note that the **instructions** provided below are only for the purpose of this tutorial; in the upcoming tasks, you will answer the questions using your best judgment.

In the question below, the goal is to compare five countries (USA, Brazil, France, Spain, and Pakistan) by their population.

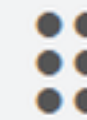

Instruction: Suppose you believe that the order of the countries from most populated to least populated is from left to right: USA, Pakistan, Brazil, France, Spain. Then, how should you answer the following question?

Part A (Your Opinion)

How do you think the following countries should be ordered from the most populated (top) to the least (bottom)? You can drag and drop items using the markers on the right. Press the submit button when you are done.

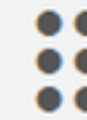

1.

Brazil

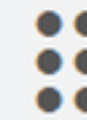

2.

France

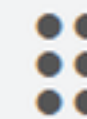

3.

Pakistan

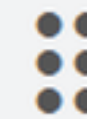

4.

USA

5.

Spain
