- "bathroom setting"
- "upright position"
- "hygiene products"
- "held by hand",
- "cabinet background"

Reconstruct
Correlations

Explanation:

The model misclassified the true label due to spurious correlations with the bathroom setting and the object's position, which is standing upright on a flat surface.
<omitted>

Question:

What is the item being held upright on the flat surface next to the hygiene products?

Choices:

- A. A container for liquids
- B. A small furniture item
- C. A personal hygiene accessory
- D. A footwear

Answer: D
