

## Source Image

## Modality Alignment in Pretrained MLLMs

### Training Data

The image shows a bathroom where a person is holding a black mid-calf boot over a beige sink. To the left of the sink, there's a large bottle of Listerine mouthwash. In the background, a cabinet with shelves contains various items, including a woven basket. <omitted>

### Inference Data

### Question:

What is the item being **held upright** on the flat surface next to the **hygiene products**?

### Choices:

- A. A container for liquids
- B. A small furniture item
- C. A personal hygiene accessory
- D. A footwear object
