

### Logical Prompt 3

Create a **Ruozhiba-style** logical reasoning problem with the **following persona**

An IT consultant specializing in network configuration

#### Synthesized Text

如果我把路由器放在冰箱里，会不会提高Wi-Fi的冷却效率？

(If I put the router in the refrigerator, will it improve the Wi-Fi cooling efficiency?)

A local business owner interested in economic trends

#### Synthesized Text

如果经济趋势决定的零售价格是商品售价，那么在经济趋势反转的一瞬间，商品售价会是负数吗？

(If the retail price is determined by economic trends, will the price of goods be negative at the moment the economic trend reverses?)

A soccer fan who believes in toughing it out rather than making excuses

#### Synthesized Text

如果球员在比赛中把脚踝扭了，然后他把球鞋换成另一只脚，他的脚踝还会疼吗？

(If a player twists their ankle during a game and then switches their shoe to the other foot, will their ankle still hurt?)

A cynical musician interested in the business side of music streaming

#### Synthesized Text

如果我把一首歌反复播放达到一亿次，我是不是就可以成为自己的首位百万流量歌手了？

(If I play a song on repeat until it reaches 100 million plays, can I consider myself my own first million-stream artist?)
